

Licensed Veterinary Technician- Anesthesia and MRI (SIGNING BONUS INCLUDED!)

Job Summary

Bush Advanced Veterinary Imaging, a rapidly-growing regional and national leader in advanced diagnostic imaging for companion animals, is looking for a Full-Time Licensed Veterinary Technician to join our MRI imaging team in Springfield, VA! We are seeking individuals who have in depth experience in veterinary medicine or imaging and hold a passion for providing excellent service to our clients and patients.

An LVT with BAVI is a member of our team who supports and assists the doctors each day to ensure the best possible care for our patients and clients. The ideal candidate believes in the core values of integrity, compassion, quality, and innovation.

Responsibilities and Duties

- Compassionately, calmly and gently handling patients in our care
- Assisting in advanced imaging procedures
- Anesthetic induction, monitoring and maintenance for imaging
- Utilizing practice management software to maintain client and patient records
- Implementing appropriate animal husbandry skills to decrease disease spread, injury and stress to patients
- Venipuncture, IV catheter placement, etc.
- Noticing and documenting changes in patient attitude, abnormal behavior and changes in condition
- Carrying out or setting up procedures that do not require veterinarian assistance
- Assisting with other areas of service during downtime or as directed by supervisor

Extensive training is provided. Administrative responsibilities are limited, but include some client communication, invoicing, scheduling, and inventory management.

Required Qualifications, Education and Experience:

- Veterinary Technician License in Virginia, or have an active license in another state that qualifies you to be eligible for licensing
- Minimum 1 year of previous experience as a Veterinary Technician, or currently a Technician Student.
- A flexible schedule that allows the ability to stay late on occasion to help with emergencies
- The ability to work at least two Saturdays per month
- The ability to handle stressful or emergent situations in a calm and supportive manner
- Strong interest in working with imaging and/or anesthesia

Preferred Qualifications and Experience:

- Veterinary specialty experience
- Have a broad knowledge of animal science, medicine, and husbandry, including a basic knowledge of pharmacology and sufficient mathematical skills to ensure the administration of accurate drug and fluid doses.
- Qualified candidates should be friendly, poised and have a client focused approach.
- Excellent communication skills both written and verbal
- Must be well organized.

Benefits

Bush Advanced Veterinary Imaging offers competitive wages, and a benefit package that includes:

- Health Benefits
- 401(k) with Company Match
- Paid Time Off, Paid Sick Leave, and Paid Holidays
- Annual Uniform Allowance
- Pet Discount
