

Registered Veterinary Technician – Anesthesia and MRI

Are you looking for a new and exciting work environment that appreciates a work/life harmony? Do you have a passion for specialized veterinary care and enjoy working in a fast-paced environment? If you answered yes to these questions, a career with Bush Veterinary Neurology Service (BVNS) might be right for you!

If you've never worked in specialty medicine before but have an interest in expanding your knowledge and increasing your skill set, that's great! Many of our most accomplished technicians did not have specialty experience prior to joining BVNS - we love training new team members and supporting anyone interested in growing their career!

As a rapidly growing regional and national leader in advanced diagnostic imaging for companion animals, BVNS is looking for a full-time Registered Veterinary Technician to join our MRI Imaging Team in Rockville, MD! A RVT with BVNS is a member of our team who supports and assists the doctors each day to ensure the best possible care for our patients and clients.

Responsibilities and Duties

- Compassionately, calmly and gently handling patients in our care
- Assisting in advanced imaging procedures
- Anesthetic induction, monitoring and maintenance for imaging
- Utilizing practice management software to maintain client and patient records
- Implementing appropriate animal husbandry skills to decrease disease spread, injury and stress to patients
- Venipuncture, IV catheter placement, etc.
- Noticing and documenting changes in patient attitude, abnormal behavior and changes in condition
- Carrying out or setting up procedures that do not require veterinarian assistance
- Assisting with other areas of service during downtime or as directed by supervisor

Extensive training is provided. Administrative responsibilities are limited, but include some client communication, invoicing, scheduling, and inventory management.

Qualifications and Skills

- Veterinary Technician License in Maryland, or have an active license in another state that qualifies you to be eligible for licensing
- At least two years of Veterinary experience as a RVT, or Assistant prior to licensure
- A flexible schedule that allows the ability to stay late on occasion to help with emergencies
- The ability to handle stressful or emergent situations in a calm and supportive manner
- Excellent communication and customer service skills

Benefits

Bush Veterinary Neurology Service offers competitive wages and a benefit package that includes:

- **\$500 Sign On Bonus!**
- Health benefits
- 401(k) with Company Match
- Paid Time Off and Paid Holidays Off
- Competitive Annual CE Allowance
- Uniforms Yearly
- Pet Discount
