

Veterinary Assistant – Leesburg, Virginia

At Bush Veterinary Neurology Service, we acknowledge our team members and value the education, skill, and compassion they bring to our patients each and every day. They play a significant role in the success of our organization and the health of our patients. As such, BVNS believes in recognition and fair compensation for our Veterinary Assistants by providing:

- Higher than average wages
- Customized training plans to assist them in successfully meeting their career goals
- Support and guidance from board-certified technicians in Neurology and Anesthesia/Analgesia
- Access to a wide range of Tuition Reimbursement Programs
- Eligibility for our quarterly **Support Staff Bonus Program**
- Leadership opportunities

If you are looking for a new and exciting work environment where your education and advanced skillset are appreciated and where you can continue growing in your career, BVNS may be right for you!

If you've never worked in specialty medicine before but have an interest in expanding your knowledge and increasing your skill set, that's great! Many of our most accomplished technicians did not have specialty experience prior to joining BVNS - we love training new team members and supporting anyone interested in growing their career!

Responsibilities and Duties

- Master neurological anatomy and function
- Positively impact patient care through collaboration with the Neurologist
- Participate in helping paralyzed patients walk again
- Acquire histories and assist during neurologic consultations
- Assist in surgeries and advanced imaging procedures
